

MEMPHIS, TN-- Data Facts, Inc., a nationwide provider of mortgage lending solutions, recently announced their Vice President of Compliance and Industry Solutions, Jackie Drziak, was unanimously elected to serve on the Board of Directors for the National Consumer Reporting Association (NCRA).

Drziak has served in vital leadership roles within the NCRA as a member and co-chair of various committees within the organization. She was presented with the NCRA President's Award in 2015.

Terry Clemans, NCRA Executive Director, welcomes Jackie to the Board on behalf of the association members stating, "Jackie has shown exceptional leadership and dedication to our industry and will be a great addition to our diversely talented group of Directors. She has been a great committee Chair & Co-chair, and has proven her leadership talents for many years. We are thrilled to have her input on our Board."

Drziak is pleased to be able to serve the NCRA in this capacity. "The NCRA is an essential source for education, legislation, ethics, and enhanced vendor relationships," says Drziak. "This year has already seen many challenges, and I'm eager to help our industry in this new role. Data Facts' involvement with the NCRA will ensure that our

team and clients are mindful of and prepared for all changes and updates. As a member of the Board, I will make sure Data Facts continues to lead in our quest to aid our client partners."

Daphne Large, Data Facts' CEO, views Drziak's new role as a crucial responsibility. "Each member of the Data Facts team is committed to serving our clients and community in a trusted advisory capacity. We want to be instrumental in helping their businesses be as successful as possible. Jackie's new leadership role will empower us to be informed and equipped to rise to the challenging demands our industry makes on us all."

Prior to her career in information services, Drziak spent over 15 years in residential lending, writing mortgage loans for numerous regional and national financial institutions as a loan officer. She has a Bachelor of Science in Public Relations from Quinnipiac University.

### **About the National Consumer Reporting Association**

The NCRA, founded in 1992, is a national trade organization of consumer reporting agencies and associated professionals that provides products and services to hundreds of thousands of credit grantors, landlords, property managers, employers and all types of general businesses, helping them make informed business decisions.

The NCRA's membership includes 80% of the mortgage credit reporting agencies in the United States that can produce a credit report that meets the requirements of Fannie Mae, Freddie Mac and HUD for mortgage lending. Additionally, their members are the leading providers of reports for resident screening which has NCRA's focus specifically on the needs of America's Housing Industry.

The NCRA shares its knowledge and understanding of the industry with its members through the Annual Conference, Educational Tele-Seminars, and educational publications.

### **About Data Facts, Inc.**

For more than 30 years, Data Facts has helped lenders move loans efficiently through the pipeline, while ensuring they have the information they need to make smart business decisions. From lead generation to post-closing, Data Facts delivers flexible tools that can elevate every aspect of your lending process. Their leading-edge technology, seamless LOS integrations, and dedicated customer service are what lenders trust to close more loans, faster and easier.
